## "Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses *chocolate*—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of *chocolate*, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—

"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—
